- **Department Update**
 - Dr. DeVone Verse -
 - Clark County Frequent User Services Engagement (FUSE) Project Update – We have now had the opportunity to reach out to the community partners that engage with the identified frequent users to let them know about the initiative and get them on board to participate in this group discussion. We have the big tent meeting scheduled for November 10-12, 2015. The goal is to address the challenges of sharing data across partners.
 - Bobby Gordon –
 - Coordinated Intake – In 2012, we received a mandate from HUD that we were to establish a Coordinated Intake process. Social Service and the Veterans Administration agreed to be the Coordinated Intake sites for households without children. We started the Coordinated Intake process at Social Service in July 2014; therefore, July 2015 was the one year marker. As of August, we have completed 2,790 VI-SPDAT housing assessments on homeless individuals. Also, the VA gained access to HMIS recently.

We believe that within the next month we will be able to announce that we have reached the goal of functional zero as it pertains to veterans homelessness. The federal mandate to end chronic homelessness is designated for 2017.

Project Homeless Connect will be held on November 17, 2015. We invite all CAC members to participate. We will also send you an invite to attend the VIP reception to kick-off this event.
